

Karmen Stephens, PharmD
Vice President of Clinical, Consana

Dr. Stephens is an executive-level clinical pharmacist and value-based payment subject matter expert with 20 years of experience in a variety of pharmacy practice settings. Over the past 10 years, her primary clinical focus has been high-risk populations, with a particular interest in geriatrics and patients with intellectual/developmental disabilities. She is an active member in the American Society of Consultant Pharmacists, Get The Medications Right Institute and the Health Information and Management Systems Society.
